

Just Say “No”

If you want the Teamsters to go away, you have the right to:

➤ Refuse to sign a union card or ask to revoke your signed card

➤ Walk past union organizing tables and avoid union organizers as you enter or leave the hospital

➤ Ask union organizers not to bother you while working or during your breaks

➤ Choose not to speak with union organizers if you are contacted at home or on your phone

➤ Tell union organizers you are not interested in unionizing

You Have the Right to Say “No” to the Teamsters

Let's keep working together.
